

# May Peace Prevail On Earth

14th

Photos by Michael E. Keating/The Enquirer

**Jeff Cox, an employee for Lewin Monuments in Fort Mitchell, etches words into granite Wednesday while wearing a protective hood. The granite slabs will make up a peace pole in Beech Acres Park.**

**Seven half-ton slabs engraved with peace sentiments will be placed in Beech Acres Park, Anderson Township, to form a "peace pole." On Wednesday, engraving work was being done to inscribe sentiments about peace in seven languages. The peace project was begun by some area residents in 1999 after hate literature was distributed in the area.**
