The Board of Park Commissioners recently adopted the new fee schedule for shelter rentals and athletic fields.

Commissioner Nadine Gelter said the field fees have not changed for three years.

According to the price sheet, hourly field fees range from slightly more than \$12 to just under \$34, and residents receive discounts on field rentals.

Executive Director Ken Kushner said the economic decline was the driving factor behind not increasing field fees.

"We look at the fee schedule every year and we haven't raised field fee costs since 2007," he said.

Next year, tent, table and chair rentals will be eliminated because the park district's equipment is old, and difficult to clean and store, Kushner said.

"It's actually cheaper to call a business that rents (that equipment) and have them set up for events," he said.

Shelter and pavilion rentals can be arranged through the park district office. Prices vary by park, day and amount of time.

Additional Facts

Looking to rent?

Anderson Township Park District has multiple rental options for shelters and fields.
