#### **THE SEARCH FOR MARCUS**

The unfortunate incident began to unfold on 8/15/06 at 1:16 pm. A massive search was conducted on 8/15 & 8/16 using trained professionals with hundreds of citizens. Unfortunately, it was not productive. Areas within a 5-mile radius were searched, 6 to 8 times.

At 8:00 PM on 8/16/2006, the organized searches using massive numbers of citizen volunteers

were concluded. The Hamilton County Sheriff's Department and the Union Township Police Department continued to maintain patrols throughout the area.

The search and rescue efforts moved to a directed search plan on the evening of 8/16/06. More searches were conducted on 8/17/06 and preparation took place for the Urban Search and Rescue Team USAR to move in to conduct another massive search, which began early on 8/18/06 and ensued until dark. Hundreds of acres were searched but, again, the search was unproductive. The efforts of these highly trained professionals from numerous departments were Herculean. We are fortunate to have such a caring, competent group of men and women in our city who are willing to search for our children and loved ones. Thank you USAR!

Search efforts are continuing, the scale of which is dictated by the information received by the police. We encourage residents and neighbors of the Anderson Area to continue to monitor their property and neighborhoods. Please search all containers, buildings, garages etc. **If you observe anything suspicious please call 825-1500. If you find Marcus, please call 911, wait for a Deputy, and provide for his safety.**

### **INCREDIBLE SUPPORT**

While we have hoped and prayed for a happy ending to this tragic situation we can't overlook the level of support, compassion and assistance that was offered. We thank all volunteers for their tireless efforts in the search for Marcus. We are grateful to all of the area businesses that provided food, beverages and supplies to this huge community effort.
