**It's not just a race... It's also a way to remember family and friends!**

Run to Remember 5K Run/Walk began with Nancy Horn, a loving wife and mother who lost her 14-month battle with brain cancer in September of 2003. Following the first event, the Horn family and friends invited others to 'run to remember' their significant loved one. Today, the event has expanded to celebrate the lives of many cherished individuals as a way to honor their memory.

**It's not just a race... It's also for a good cause!**

Proceeds benefit the Anderson Township Park District Playground Fund. In its six-year existence, the Run to Remember has raised over \$29,000 for the playground fund. We will always have a need to enhance the playgrounds in our parks, just as we will always have children in our community in need of fun and safe places to play!

**Nomination Benefits:**

Honoree's name on t-shirt and photos used in event marketing such as flyers, Park Guides, website, signage, and memorial video.
